### OUR FALL SHOW.

The Riding Exhibition takes place in Newmarket on Tuesday and Wednesday next, when we hope our farming and mechanical community will show, by their zeal how highly they appreciate these exhibitions and swell to a high figure the number of their entries. In increasing the circulation of the above papers, therefore, they were working for themselves and hastening the period when they could sustain a journal

Elder Henry thought with a little effort they might sustain a paper now-even if it was only a monthly periodical; at the same time he did not wish to be understood as not appreciating the kind offer of Elder Cummiligs. Few men indeed would make such an offer; but he had heard men say they would contribute \$150 towards re-establishing a journal in Canada.
